The sustainable choice

Made & Recycled in the UK

For many years, PVC-U windows and doors have been recognised as the durable, low maintenance and energy efficient option. Now, thanks to recent advances in recycling, PVC-U windows and doors are the first choice material for sustainability too. It means that choosing to buy your PVC-U windows and doors from us is good for your home, your pocket and the environment.

‘A’ rated for sustainability

Eurocell, which manufactures all of the PVC-U components used in our windows and doors, is at the forefront of sustainable developments in the PVC-U industry. The company recycles over 3 million waste window frames per year which would otherwise go to landfill. The material is used to manufacture brand new windows, for closed-loop material sustainability.

Re-useable and recyclable for hundreds of years

Research has shown that 95% of 'post-consumer' or end-of-life PVC-U windows can be recycled. The official product life for a PVC-U window or door of up to 35 years (BRE) and they can be recycled up to 10 times meaning 350 years of re-use with minimal impact on the environment.

Environmentally responsible component supplier

A secure choice

Your lifestyle doors are the gateway to your garden and the perfect addition to your home. They reflect your taste and create that all-important first impression. It's important that the doors complement the style of your property as well as being functional and secure, durable enough to withstand regular use and secure enough to protect your property against intruders. Our lifestyle doors, constructed from the same robust PVC-U components as our windows, are the perfect way to maximise your garden and outdoor space, combining aesthetic appeal with practicality and low maintenance.

Low maintenance long-life solutions

Our lifestyle doors are designed for long-life performance, even in the busiest households where they are subjected to knocks and scrapes every day. With internal webbing and thick PVC-U walls, our doors are designed to withstand the rigours of everyday use without scratching or denting.

Like our windows, our doors have been independently assessed and certified by the British Board of Agrément (BBA). All of our doors also come with a ten-year guarantee against discolouration, warping and cracking. PVC-U lifestyle doors require minimal maintenance, they don't need to be painted or treated.

Occasional wiping with a damp cloth is all they need to maintain a fresh, as-good-as new appearance. Furthermore, PVC-U doesn't warp or crack like other materials, so you can be sure your door will maintain its original appearance and performance for years to come.

Protection against intruders

Security is a primary function of any lifestyle door. Our doors are fitted with the latest generation of high-security locks to keep your property secure against break-ins. Multi-point locking systems are designed to prevent forced entry and all doors are internally beaded to prevent glazing units or PVC-U panels being removed from the outside.

Protection against the elements

PVC-U lifestyle doors offer exceptional protection against the elements. Air-tight seals keep out any drafts and effective drainage channels ensure there are no leaks. Our range of doors also offers excellent thermal efficiency, ensuring heat is retained in your home which helps to keep your energy bills down.

Transform and enlighten your home

Lifestyle french doors are ideal for a wide range of uses, particularly where a traditional feel is required. Beautifully suited to open up conservatories or to make a unique design statement within your home, our doors have a classic appearance with all the benefits of contemporary PVC-U double-glazing.

Co-ordinated charm

When you choose from the Lifestyle range, 'sight lines' are designed to match the windows of your home. This means you can easily achieve a consistent style and still retain the individual character and appeal of your doors.

Stylish versatility

Flexible and sophisticated, Lifestyle french doors are available in a range of sizes up to 2 metres wide, providing an impressive entrance to your garden. A tasteful choice of colours allows your doors to complement your home or conservatory. Whether you are looking for classic White or elegant Cream, or if you prefer the natural appearance of Rosewood or Golden Oak, we have a style that's right for you.

Individual design

A choice of frame styles – Chamfered or Ovolo and a choice of opening options mean you can tailor the finish of your french doors to your individual taste. Inward opening allows you to make the most of your patio space or you can maximise your indoor areas with an outward opening mechanism.

FRENCH DOORS

A seamless transition

When you choose from the Lifestyle range, 'sight lines' are designed to match the windows of your home. This means you can easily achieve a consistent style and still retain the individual character and appeal of your doors.

Stylish versatility

For a smooth, seamless transition between outdoors and indoors, we can design your french doors with a low threshold. This enables easy access to your home particularly for prams and wheelchair users. It also means your doors are fully compliant with Part M of the Building Regulations – so nobody will have any complaints when they cross over your threshold.
